

Attachment 2

Acceptable Use Policy for Networks, Including the Internet

BPS STAFF:

It is the policy of the Boston Public Schools that students and staff will use all technology to access electronic ("computer") networks, including the Internet and e-mail, in a responsible, legal, and ethical manner. Failure to do so may result in the loss of network privileges for the user, disciplinary action under the Code of Discipline, and/or prosecution under federal or state law.

Signing below signifies that I have read and understand the Acceptable Use Policy for Boston Public Schools Internet use. I understand that use of the Internet and e-mail in school is a privilege, not a right. It is designated strictly for educational purposes.

I also understand that if I do not sign this agreement, I will not be permitted to use the Internet and e-mail in school.
